Brickley Visit Cancelled Friday

A scheduled visit to Grayling by Lt. Governor James Brickley last Friday morning was postponed because of plane trouble at the Lansing airport. It was somewhat ironic, since Brickley's visit here was for the purpose of inspecting the addition to Kirtland Community College's Aviation Mechanic School facility. Other later commitments on Friday forced Brickley to postpone his visit here to a later date.

Kirtland officials did take the opportunity to show the existing facility and new addition to a contingent of about 25 local residents who were on hand to greet the Lt. Governor.

The Aviation School currently has an enrollment of 41 students and will be able to accommodate up to 70 when the 7000 sq. ft. addition is complete.

Quiet Week For Sheriff Crews

Sheriff Curt Haas reports that last week was "relatively quiet" with the number of complaints investigated somewhat below normal for this time of year. Complaints ranged from the investigation of a number of breaking and enterings to family disputes. Four malicious destruction complaints were investigated, several larcenies and two shooting complaints, (guns discharged in unauthorized areas). One auto theft was reported and a number of auto mishaps investigated.

Haas indicated that the number of breaking and enterings linked to the recently-broken crime spree had climbed over the 300 mark, with more expected. The Tuscola County Sheriff's Dept. advised Haas this week that two pick-up loads full of stolen goods, purchased by innocent victims, had been surrendered voluntarily to his department.

Madness to Strike Downtown Grayling

Downtown Grayling is celebrating Halloween in a very festive way this year, with 13 hours of madness and 7 days of mayhem.

Should you happen to be in any of the stores between October 24th and October 31st you might notice some very unusual displays. Not just the traditional Jack-O-Lanterns, witches and skeletons, but coffins. Yes, coffins. Naturally the lids on these boxes will be closed until the time the merchants deem it right for you to view their "remains". And that, of course, will be at 7:00 p.m. on Saturday the 27th when the "wakes" begin and Moonlight Madness starts. But the coffins, filled with bargains, are just the beginning. There is Dracula who will be wandering the streets, offering people his autograph, passing out entry blanks, and searching for a beautiful bride.

Also roaming the streets, in addition to the usual ghosts, monsters and vampires, will be the Phantom Photographer, not so inconspicuously weaving amid downtown shoppers "developing" his victims. And prizes? Grab bag winners all day, and \$100 in cash. There is a \$50 cash prize for coming closest to guessing the number of seeds in a pumpkin, \$35 given away in a 10:00 pumpkin carving contest, and \$15 during the 1:00 "Mummy Wrapping Race", which has already generated excitement and is sure to attract a large crowd. Here, each contestant is given a roll of toilet paper with which they wrap a friend.

Other events include free hay rides to the haunted house, and a 7:00 staged wedding between Dracula and his bride, with Judge Emil Kraus performing the ceremony.

Mouse That Roars?

Grayling Students Attempt To Capture Strange Mouse

One of the activities that seems to be occupying much of the spare time of 26 Grayling High School students this fall is the capture of a mouse.

Not an ordinary mouse you understand; the particular creature in question is a Fenwickian Field Mouse. This particular rodent is not unlike an ordinary field mouse. As a matter of fact, the only difference is that the Fenwickian rodent can roar like a lion.

Barring any unforeseen obstacle, the Grayling students should make their capture on Thursday evening, October 25, and if they are successful, the public will be invited to view this strange creature on Friday and Saturday evenings, October 26 and 27 and again on Sunday afternoon, October 28.

So confident are the Grayling students that tickets to view, "The Mouse That Roared" will be going on sale Friday evening, October 12.

BOOSTERS HOLD ANNUAL PARTY—The Grayling Booster Club held their annual party last Saturday evening at Auman's House of Catering with 250 guests attending. Others shown from left are, Herb Wheeler, Mayor Sandy Thompson, Mark Hartman and Walt Nowak. Wheeler and Hartman were presented certificates as outstanding board members for the year. But, things also happen to people in other places than those especially risky parts of our continent. They happen in places like Northern Michigan!

True, we don't have devastating floods or hurricanes, but we do have tornadoes and fires. We had a tornado in Frederic in April of 1975, remember? That isn't "close" to home, that is home!

And unless our house fires are within a few minutes range of our Volunteer Fire Department locations, they usually end up as "burnouts"—Total destruction of the home, including all clothing, food, furnishings and possessions.

Homecoming Week at G.H.S.

The theme for this year's Homecoming Week celebration, now under a full head of steam at Grayling High, is "Mother Goose."

The spirits are high and are expected to peak this Friday night when the Vikings host St. Ignace in the Homecoming football contest with the kickoff scheduled for 7:30 p.m.

School days are buzzing with special activities, some of which include a tug-of-war, pyramid building, apple bobbing and Volkswagen stuffing contests.

On Wednesday at 7:00 p.m., the public is invited to the Powderpuff Girl's Flag Football finals to be played at the football field. On Thursday evening at 7:00 p.m., the annual fun-filled Snake Dance will wind its way through the downtown area, originating at the courthouse and ending at the football field. The Homecoming Parade will be held this Friday at 5:00 p.m., forming at the courthouse and finishing at the field. Judging of class floats will take place prior to and during the parade.

The halftime show Friday night will feature crowning of the Grayling High Homecoming King & Queen, a band performance and presentation of float awards.

Homecoming Week will conclude with the annual school dance from 9:00 p.m. to 1:00 a.m. at the High School.

the like, to ease the emotional shock and the financial loss. But most of our citizens are not so fully covered. One minute they possess the most important security one has—food, clothing and shelter—and the next moment they have nothing, save what is on their backs. Frequently, if the fire takes place during the sleeping hours, they have nothing but night clothes on their backs.

We, here in Crawford County though, have something which provides utmost reassurance—We have American Red Cross Immediate Disaster Assistance!

Within hours of being notified of the "burnout" Crawford County Red Cross Disaster Workers will be with the victims, and if they are in need, the victims will receive orders on the merchants of their choice for a full set of clothing, including shoes, a weeks supply of food to start, and, where necessary, shelter; until their insurance protection can take over.

Also, when needed, Crawford County Chapter-American Red Cross will replace destroyed eye glasses, dentures, and other prosthetic devices not covered by insurance.

This relief is a gift to the victim. No loan, nothing to pay back.

To Manufacture Fireplace Logs

Cambel Industries To Build Plant Here-May Employ Up To 250

by Joe Schrader

An industry that may well employ as many as 200-250 persons by 1982 has decided to locate in Grayling. Although an official news release is not expected until about the 1st of November, the Avalanche talked with a company spokesperson and learned that Cambel Industries, a division of Unique Promotions, Inc., plans to build a 5000 sq. ft. manufacturing facility on Lot No. 10 of Grayling's Industrial Park. The building will be constructed by North Central Construction Co. of Grayling.

The spokesperson for the company, now headquartered in Owosso, Mi., indicated that it will initially manufacture artificial fireplace logs to be known as "Michigan Birch". The main ingredient will be sawdust.

Construction work is expected to begin soon with occupancy anticipated by Christmas and partial production by the first of the year. Initial employment will involve 10-12 unskilled, semi-skilled and skilled workers, "to be hired from the Grayling

area", the company said.

Cambel's decision to locate in Grayling came about, in part at least, by the need for industry here and the availability of a labor force created by the area's high unemployment rate.

The Grayling City Council approved the sale of the 4½ acre site at last week's regular meeting, paving the way for Cambel to proceed with firm construction and manufacturing plans. Sale price was \$17,000.

The building will be 50' x 100' including office space and will be designed with expansion in mind. Cambel Industries revealed that production of fireplace logs will be developed first and diversification into several other manufacturing and

or packaging activities is anticipated. Other possibilities that would lead to ever-increasing employment for the area include:

-Repair of tooling used primarily in the auto industry and the oil exploration industry. This would require welding, spray plating and light metal machining.

-Packaging and distribution of wood chips and bark, under the name of Michigan Unique Wood Chips.

-Fabrication of automated handling equipment, machine tool rebuilding and changeover.

Cambel Industries expects that each of its products will expand at a consistent rate so that by early 1982, as many as 200 (See Cambel on page 2)

Board Sets Fees

Use Of School Facilities Restored

by Joe Schrader

At the regular monthly session of the Crawford AuSable School Board Monday night, the Board voted to restore use of school facilities to outside groups, at least on an interim basis. Use of the facilities had been discontinued as part of an overall cutback in spending, necessitated by the school's financial uncertainty. The Board adopted an interim fee schedule proposed by Dr. William Dieckman, pending the preparation of a formal policy on the subject of school facility use. Fees were set as follows:

High School Auditorium, \$125 per activity; School Gym, \$20 per hour; Multipurpose Room, \$10 per hour; Classroom, \$6 per hour; Kitchens, \$8 per hour; Grayling Elem. Kitchen, \$10 per hour.

Renters will also be required to pay the cost of wages for school employees needed when the facility is in use.

A number of other items were discussed on Monday's agenda prior to the

Board adjourning to a closed session to discuss collective bargaining matters with the Board's Negotiating Team.

Vikings Win In "Snow Bowl", 13-0

by Joe Schrader

The weatherman gave Grayling the cold shoulder last Friday, but the Vikings turned on the steam against Charlevoix here at home, sending the Red Rayders reeling, 13-0. The win upped Grayling's season record to 4-2 and evened its conference mark at 2-2. All four Viking victories have been shutouts. The previous three were recorded against Harrison, Roscommon and Boyne City.

The Vikes take on the St. Ignace Fighting Saints this Friday night in the annual Homecoming Game, with kickoff set for

Open House

An Open House is being held for Norman and Helen Feldhauser by their children, in honor of their Thirtieth Wedding Anniversary at the American Legion Hall in Grayling on Sunday, October 21st, from 2 to 5 p.m.

7:30 p.m.

It was a dismal night for just about everything, including football, but a loyal Vike crowd cheered as Grayling scored in the 1st quarter and 3rd quarter to claim the conference victory. A mixture of snow and rain soaked just about everything in sight, but, failed to dampen the spirits

of the players and fans who braved the weather to catch the Vikings in action.

Head Coach Bill Klinger credited his defensive unit "for playing an excellent game. They choked off just about everything Charlevoix tried to do," he commented on Monday. "Besides, we had an excellent scouting report on

the Red Rayders - they tried just what we expected."

After Charlevoix failed to move the ball after the opening kickoff, Grayling fielded a Rayder punt and moved the ball into scoring (See Vikings on page 10)

New Immunization Clinic Schedule And Immunization Update

The Immunization Initiative, a program established to assure that over 90% of the nation's children are fully vaccinated against seven diseases by the Fall of 1979 has made, "significant steps forward in the fight against childhood disease", according to the Center for Disease Control, and Beverly Wagoner, Health Educator for District No. 1

Health Department.

In Crawford County, parents have responded to getting their children fully immunized: so much so, said Mrs. Wagoner, that additional clinics are being scheduled.

Beginning in October, two clinics will be held each month (the 4th Monday and following Tuesday) as follows: October 22 and 23; (See Clinic on page 13)

For example, what will happen to my personal property if I die as a resident of Michigan without a will? Will I lose control of God's earthly blessings to me at death?

All interested persons from the community are invited to share with us during this informative time.

From Our Corner ...

By evidence of these first few words you have to realize the old fella survived the weekend ... Now that is quite an accomplishment, especially as how we attended the Grayling Youth Booster Club's Annual Party on Saturday evening ...

This is possibly the finest dinner-party held each year that gets the greatest cross-section of our little hamlet together for an evening of entertainment ... These are the people who support and work for the organization that is dedicated to the youth of Crawford County ... It is a way of saying thanks for the support.

The annual bash was again a great success with some 250 partaking in the festivities ... The program for the evening was handled by Walt Nowak, Chamber Manager, with our imitable Mayor, Gordon "Sandy" (alias Chief Thompson), as the main speaker for the evening ... This has been about the fourth or fifth time we have heard his honor since his elevation to the head of our city fathers, and each time he amazes us. With his candid remarks and friendliness, we think he could give the peanut farmer a run for his money ...

Also on the agenda for the evening was the presentation of three awards ... To Betty LaChapelle went a plaque for the un-sung hero's award for her help promoting the Booster Club ... Along with Betty, Herb Wheeler and Mark Hartman were presented awards for their contribution as outstanding board members for the year ...

All in all it was an enjoyable evening ... We stayed out way past our normal bedtime ... but then we sort of expected that ... Whenever you are with Hookilaw and his bride, there is never a thought about the next morning ...

Last week was not our week ... On Friday morning, before we had our jacket off, we were called to the phone ... When we answered with a good-morning, our party stated, "before we get through, your morning may not be so good" ... It wasn't! ... Anyhow, the complaint had a reason. She explained she had her bi-focals on, plus, a magnifying glass and she still couldn't read our Bits O' Talk ... After trying to explain that space dictated type size, she remarked, "throw out some of your ads" ... We explained that without them she wouldn't have to worry about reading the Avalanche, or any other NEWSpaper, they wouldn't exist ...

This evening we are experiencing a bit of nostalgia ... more will come along in the next few weeks ...

Kathie Piper has been brought out of forced retirement, (having 2 children to take care of), to take up the slack, while Rena Neilson caught up to her with a boy, born last Saturday. We can't figure out why she couldn't have waited until October 29th, then Morgan Paul could have joined three other important guys born on that day ...

Our Sunday self-inflicted flu was quickly taken care of with a phone call from T. C. — T. J., Stef, with mom and dad were coming over to have dinner ... For some reason they just seem to make our day, of which we know all of our readers with grandchildren feel the same way ... Have a happy one ... Hope we have more days like Monday! ... This was more like fall ...

The Bible Speaks

The Purpose Of God's Laws
Galatians 3:19-22

God's Old Testament law had a beginning, a purpose and an end. "Wherefore then serveth the law? It was added because of transgressions, till the seed should come to whom the promise was made; and it was ordained by angels in the hand of a mediator," Gal. 3:19. The beginning is clear, "It was added". To what was it added? God's promise to Abraham. Verse 17. When was it added? It was added 430 years after the promise. Verse 17.

"Wherefore then serveth the law?" or for what purpose was God's law added to the promise of Abraham? "Because of transgressions." The O.T. laws of God were given to show people how sinful they really were. These same laws had an end with the coming of the "seed" of Abraham which is Christ. Verse 16. Therefore, the Old Testament laws were given through God's angels to a human mediator, Moses for the nation of Israel, because of their sins, until the coming of Jesus Christ nearly 2,000 years ago. The only Old Testament laws we are under today are those re-stated in the New Testament. For example, 9 of the 10 commandments are repeated several times

in the New Testament. The commandment to observe the Sabbath is not in the New Testament.

The Old Testament law was not in conflict with the promises of God to Abraham because the law cannot produce righteousness or give life. "Is the law then against the promises of God? God forbid: for if there had been a law given which could have given life, verily righteousness should have been by the law." Gal. 3:21. God's laws are negative. They can show us our faults and sins. They can show us what we are and what we deserve. They cannot declare us righteous or give us eternal life, only the promises of God's love and grace can do this.

What then should be the result of man's seeking and searching of God's laws? Man should realize he is a sinner before a holy and perfect God. "But the scripture hath concluded all under sin, that the promise by faith of Jesus Christ might be given to them that believe." Gal. 3:22. Every single human being who carefully reads God's Word must conclude he or she is a lost sinner before God. God uses His laws to do this so we might realize our lost condition and turn by faith to Jesus Christ for the forgiveness of sins and eternal life. (adv.) Pastor Barnett

Local National Guardsmen Receive Backwoods Training

Members of Company C, Cadillac, and Company B, Manistee of the 246th Ar-
mor Battalion, Michigan National Guard, participated
in tactical maneuvers at Camp Grayling over the
weekend of 6-7 October.
Tactical maneuvers are held under simulated bat-
tle conditions in the field. Despite cold winds and ad-
verse weather conditions, the exercise came off as
scheduled, with each unit completing the assigned
tasks in precision maneuvering, camouflage, attack
and deployment, small arms air defense, and com-
bined arms team effectiveness to the complete sat-
isfaction of the unit commanders, Lt. Terry
Chrivia, Cadillac and Lt. John Leatherman, Manis-
tee.

Armor units are com-
posed of three tank platoons, with a total of fourteen
tanks assigned to each unit. Tactical maneuvers are
intended to sharpen the skills of the tank crews by
providing the opportunity to locate and fire upon
enemy positions or tanks, under simulated combat
conditions, or "Real Train". Each tank consists of
a four man crew, composed of a driver, gunner,
loader and a tank commander. Each crew is directly
responsible for the operation and care of their tank
and equipment. Part of the job of a tank commander is
controlling the movement of the tank by acting as an
observer and maintaining radio-intercom communica-
tion with the tank driver, who often does not have
clear visibility and must rely on the "eyes" of the
tank commander for his directions.

The gunner and loader share the responsibility of
ensuring that the tank guns are loaded and fired
immediately upon locating the target, whether moving
or stationary. Each crew receives intensive training
in tank gunnery prior to actually performing in the
field. As the crews work together in tactical train-
ing, an almost mechanical operation begins to
develop, until the skills required for tank gunnery
become almost a "second nature" and the crewmen
become a smooth precision team.
Farm Bureau Essay Contest
Former President Gerald Ford will serve as a finalist judge in the 11th annual America & Me essay con-
test for Michigan eighth grade students, a state-
wide writing contest sponsored by Farm Bureau In-
surance Group (FBIG).
The contest, open to any Michigan eighth grader, will be held Octobr 15 to
November 9 in hundreds of schools throughout the
state.
The top ten winners in the state will share \$2,000
in savings bonds, while prizes on the local level in-
clude hundreds of award certificates and plaques.
In addition to President Ford, the members of the
team that will determine the top statewide winners
are Gov. William Milliken, Congressman Robert Carr,
and Chief Justice of the Michigan Supreme Court,
Mary Coleman.
Conducted with the help of Farm Bureau Insurance
agents across the state, the America & Me essay con-
test was started in 1968 to encourage Michigan youth
to seriously consider their roles in America's future.
Last year, nearly 7,000 students from 333 Michigan
schools participated.
Each year, hundreds of excerpts from the essays
are compiled into booklet form and distributed to
schools, government leaders and visitors at the
State Capitol in Lansing. Free copies of the booklet
may be requested from: Communications Dept.,
Farm Bureau Insurance Group, 7373 W. Saginaw,
Lansing, Mich. 48909.
As a sponsor of the contest, FBIG has earned nine
national awards from the Freedoms Foundation at
Valley Forge.

Women's Retreat Nov. 2nd-3rd

Final plans are now being made for the 8th Annual Women's Retreat at
Boyne Mountain Lodge on November 2nd and 3rd.
The featured speakers will be astronaut, Colonel Jim
Irwin and his wife, Mary.
Colonel Irwin is well re-
membered as being the only man who read scripture
on the moon, Psalm 121:1. When he completed his
mission with the space program in 1972, he desired
to share not only his experiences in the space pro-
gram, but also of his renewed faith in God and
mankind. Since that time he has become a popular
author and speaker and has organized the High Flight
Foundation, an interdenominational Christian Or-
ganization, through which he communicates God's
message throughout the world.

As an astronaut's wife, Mary remembers the lone-
liness of being thrust into the public eye. Insecure of
her place in life she began a painful search for her own
identity which eventually lead her down the paths of
truth which she now shares as an author and speaker.
Her latest book is entitled "The Moon Was Not En-
ough". Both Jim and Mary will be sharing their triumphs
and tragedies as God began work in their mar-
riage, home and family.
Evelyn Smiley will be re-
turning as a retreat favor-
ite with special organ music. Vocal music will be
brought by a well known soloist, Marion C. Newby,
of London, Ontario.
A highlight of the retreat will be a Community Christian Banquet on Saturday
evening at 7:00 in the Boyne Mountain Convention
Center. Colonel Irwin will be sharing a media pre-
sentation of his trip to the moon entitled "An Astro-

naut's Flight Through Life". All people are in-
vited to attend.
Registration forms and more information may be
obtained by contacting your local area coordinator,
Beth Shepler, or they may be picked up at Davis Jew-
elry, in Grayling. No regis-
trations will be accepted by phone, nor later than Oc-
tober 23rd.

The retreat is sponsored by the Neighborhood Bible
Classes in Petoskey. Women from 10-12 dif-
ferent church denomina-
tions make up the study groups.

Vikingland Happenings

by Joelyn LaChappelle and Jane Stamm

The Vikings have decided upon "Mother Goose" as the theme for Homecoming this year. All four classes are busy working on floats, competing against one another making sure theirs is the best. "Spirit Week" has been organized, whereas each class competes in various activities such as tug-of-war, pyramid building, volkswagon stuff, pie-eating contest, and many others.

The parade has been scheduled for 5:00 Friday evening and the game against St. Ignace begins at 7:30. Homecoming Queen and King will be crowned at half-time along with the members of the Queen's Court.

Saturday, the 20th of October is the traditional Homecoming Dance, which will last from 9:00 p.m. to 1:00 a.m. The Vikings are sure to win the game and this Homecoming Week seems to be filled with more spirit from all of the students than ever before.

Cheerleaders are busy during Homecoming Week with the organization of the Snake Dance and bonfire. These traditional activities will be held Thursday, October 18, at 7:30 p.m. Our cheerleaders are also going to sell mums this year, since they were a big success last year.

Student Council has also been active this year. On Friday, October 5, 1979, Student Council honored coaches of Grayling High School as did many schools across the United States, as they recognized National Coaches' Day.

Editor's Mailbox

I sincerely hope that the person or persons who took the "I Am For Kids" sign from 501 Lake St., between 5 and 5:30 p.m., Sunday, Oct. 7th, really built up his ego. If you were a kid, I hope your parents voted on Monday. If you were an adult, I also hope you had enough time, between "sign taking", on Monday to get out and vote.

I will always think that down through the years we have had a good school in Grayling. I have been more or less connected with the school since 1914. I went through grade school here and graduated from high school in 1929. I went on to college and eventually earned three college degrees.

We have three daughters who graduated from Grayling High School, one in 1960, one in 1963 and one in 1966. Our three daughters went on to graduate from the college and curriculum of their choice. One of them has her masters degree. Something must have rubbed off on us during our years in the Grayling Public Schools.

To the lady from Lovells with all the credentials, you should run for the school board at the next election. Then you would have the opportunity to help eliminate the so-called "Frills and Threats".

I am really happy that Proposition One passed at the recent election. Now I can continue to support the Crawford AuSable School District with taxes so my grand - children and children of people living in our school district can continue attending school. I am for our children. You should be too. They are our future adult citizens.

ABWA Fashion Show Success

The American Business Women's Association 7th Annual Fall Fashion Show was a resounding success. Held this year at the new Holiday Inn Holiday, over 300 people enjoyed an evening of fashions.

The audience, while seated pool-side, listened to Master of Ceremonies, Wayne Hindmarsh's, fashion descriptions, delivered in his usual inimitable style. The AuSable River Valley Singers set the mood of the evening with several musical numbers.

Fashions were shown of all today's latest styles by the merchants of Grayling. Gifts contributed by local merchants were won by lucky ticket holders throughout the evening.

To highlight the theme of "Nostalgia", fashions were shown from previous decades. High-lighting the fashion trends of by-gone years was a hand-stitched white lawn wedding dress with handmade lace inserts which was originally worn in 1906.

The members of the American Business Women's Association wish to thank the local merchants for their continued support, without which our scholarship program would not be possible.

To The Editor:

On behalf of all the Special Olympians, coaches and chaperones, who participated in the Michigan Special Olympics Soccer Tournament held recently at Camp Grayling, we would like to give our deepest thanks to all those individuals, service clubs and businesses who gave their time and services so that this tournament could take place.

When we began planning this event, we knew that in order for it to be a success in a community the size of ours, we would need a total community effort. It turned out to be that and much, much more. We have received several letters and phone calls from coaches telling us what a fine tournament we held here in Grayling. The whole community can be proud of itself for giving so unselfishly so that our handicapped athletes had an opportunity to show the skills they have learned and to grow in the process.

Sincerely,
Mike & Barbara Eva,
Directors, Area 4

G. H. S. Girls Drop Two League Games

by Joe Schrader

Grayling High Girl's Coaches entertained conference rivals Cheboygan and Gaylord last week but came out on the short end of both contests.

Regina Methner led the Vikings with 12 points and 11 rebounds in the Tuesday night loss to Cheboygan. Grayling jumped out to a 22-15 first half lead, but withered in the 2nd half, managing only 9 points while the Chiefs piled up 29. The end result was a 12-point Cheboygan victory, 44-31.

In JV action against the Chiefs, Grayling dropped a 43-36 contest, despite a gallant 2nd half comeback.

Thursday night against the Gaylord Blue Devils, the Vikes were led by Karen Hanson with 17 points and 13 rebounds in a 56-49 loss. Down by 15 points with 4½ minutes in the game, the Vikes staged a comeback, led by Lisa Radebaugh, to pull within six points when the buzzer sounded ending the game. Regina Methner had 14 points and 20 rebounds, and Lisa Radebaugh added 11 points.

The JV squad was victorious in the preliminary contest against Gaylord, copping a 41-23 win. Jenny Riker led the Vikes with 16 points, Jean Stevens added 13 and Diane Lee, 10 for Coach Carol VanNuck's JV team.

12 October 1979

Dear Editor,

I am addressing this letter to the parents of the children who bowl Friday after school, (Little Rascals). This is my second year to have a child bowl and I have noticed it is the same parents every week who come down to help keep score. I realize a lot of the parents work, but I know there are quite a few who do not. I also work, I do get done early enough to go help. I do not mind helping, but, then I hear some parents complain that their child got scolded and it seems like these are the parents not apt to help at all. I know the kids cannot be expected to go and sit still all the time, but I also know it is very distracting to have all the horsing around when trying to bowl. The majority of the kids are serious about it, it's the few who are the trouble makers who wreck it for the rest.

I can hear a lot of you now, that this is what the coaches get paid for, but this is not true. All the time and effort these coaches put in is all donated. I would like to take this time to say "Thank You" to Kerry Moshier, Sharon Allen, and Jo Yoder for all their time and help.

Come on parents, let's all pitch in and help.

Thank You
Sherry Harney

Sweet Adelines Activities

Mid-Mitten Chapter held their second open-house rehearsal at the Roscommon High School Choral Room on Wednesday, October 10th, with a large group of members and guests in attendance. The evening was spent in learning new music, explaining barbershop singing to the guests not familiar with this type of harmony, and performing for our guests. Our choreography was a bit rusty!!! The evening was topped off with refreshments.

A few previous members have been visiting us and we are in "High Hopes" that they will be able to rejoin us in song again.

The next two weeks rehearsal will now be open-house rehearsals in Grayling. We will meet at the St. Francis Episcopal Church at 7:30. We urge guests to come out and visit us.

Dear Whitey,

It's Sunday morning and the copwebs are clearing, another annual Booster Club Banquet is History. From all the reports that I have received, everyone had a good time. The food, music and Booster Milk were great. The Chief and Walt did an outstanding job.

As I mentioned that night in our program, trying to recognize everyone is an ordeal, and sure enough, I goofed. I failed to mention that one of my board members recently resigned.

Ken Chapp has served on our board for seven years and has been very active and very faithful. The board accepted his resignation in October with much regret. His support will be missed.

Thanks again to all who attended. What Helps Youth, Helps Crawford County.

Ability knows no age

RICHARD MILLIMAN

TIME ONCE MORE for one of our infrequent strolls, barefoot among the pot-pourri...

Age is a matter of perspective. This is most obvious to the young and to the aging.

A recent message — appearing as a full page advertisement in the Wall Street Journal, by the way — offered some sage advice about age. The ad was sponsored by United Technologies of Hartford, Conn., and went like this:

"It's what you do — not when you do it. Ted Williams, at age 42, slammed a home run in his last official time at bat. Mickey Mantle, age 20, hit 23 home runs his first full year in the major leagues.

"GOLDA MEIR was 71 when she became Prime Minister of Israel. William Pitt II was 24 when he became Prime Minister of Great Britain.

"George Bernard Shaw was 94 when one of his plays was first produced. Mozart was just seven when his first composition was published.

"Now, how about this? Benjamin Franklin was a newspaper columnist at 16, and a framer of the United States Constitution when he was 81.

"You're never too young or too old, if you've got talent.

"Let's recognize that age has little to do with ability."

STICKING WITH big-league advertising for a moment, I ran across some more worthwhile advice from an advertising source recently. Art Kudner, identified as an advertising man, is quoted as writing in a letter to his son:

"Big long words name little things. All big things have little names — such as life and death, peace and war, or dawn, day, night, hope, love, home. Learn to use little words in a big way. It is hard to do. But they say what you mean. When you don't know what you mean, use big words. That

often fools little people."

A RECENT SURVEY of 20,000 young persons who finished high school in 1972 and went on to college reveals the interesting view that race and gender can help more than hinder efforts to get an education.

Conducted by Research Triangle Institute of North Carolina, the study asked the students in late 1976 if they had been treated unfairly or received special advantage because of race and/or gender.

It shows 19 percent of the blacks said they had been treated unfairly, but 25 percent felt they had special advantages; among Hispanics, 13 percent said they had been hindered and 22 percent said they had been helped.

Being a female was considered a liability by 9 percent of blacks, 8 percent of Hispanics and 3 percent of whites; but it was considered an advantage by 28 percent of black women, 22 percent of Hispanics and 11 percent of whites.

DEFINITION OF A taxpayer: A taxpayer is a person who doesn't have to pass a Civil Service examination to work for the government.

SOME CLOSING Nuts and Jolts from Hod Shewell:

—A pontoon boat is nothing more than a floating playpen.

—A working stiff is much more productive than a guy working who is stiff.

—When it comes to homes, these oleo executives must have quite a spread.

—The easiest way to get old paint off a house is to burn it down.

—Nowadays a guy doesn't know whether to take a negative approach to positive thinking, or a positive approach to negative thinking.

—Foreigners are now buying our gold with the dollars we gave them.

—According to most husbands, the muffler should be in the back seat.

Gail A. Smock and John R. Failing were united in a double ring ceremony at three o'clock, Saturday, September 1, 1979 with Rev. George Spencer officiating. The ceremony took place under the pines at the bride's parents, Mr. and Mrs. Robert Smock's home on McMaster's Bridge Road.

John is the son of Mr. and Mrs. John Failing.

The bride wore a floor-length wedding gown and a waist-length veil trimmed with lace. She carried a bouquet of baby's breath and tiny fall mums. The bride was given in marriage by her father as Patricia Duley played the guitar and sang "You Light Up My Life".

The Maid of Honor was Nancy Miller and the Bridesmaids were Julie Haskins and Susie Walsh. All were attired in cream colored, sleeveless gowns and carried bouquets of fall mums.

The Best Man was Tim Calkins and Jim Hatfield and Jim Shirkey were groomsmen.

The bride's mother wore a floor-length skirt with jacket, both softly tinted with fall flowers on a gold background, with a cream colored blouse.

The groom's mother was attired in a floor-length

dress with floral accents on a white background.

Around one hundred people attended the ceremony and reception at the Smock's residence. A three tiered cream frosted wedding cake, decorated with orange mums, was served. Out of town guests were from Gaylord.

The newlyweds honeymooned in the Upper Peninsula and are now making their home in Grayling. John is employed at the County Garage and Gail works at the Holiday Inn.

VIKING QUARTERBACK—John Junttila unloads here on a 65-yard touchdown pass against Charlevoix that put the Vikes ahead, 13-0. On the receiving end was tailback Bill Lucksted. The play took place early in the 3rd quarter and the Red Raiders were never able to recover.

Correction

We regret the error in the obituary of Gladys O'Connor last week stating her parents preceded her in death. Grant and Ethel Willobee reside in Luzerne. Pallbearers for Mrs. O'Connor were Bob Smock, Al Balash, Harold Johnson, Jack Rasmussen, Jim Osga and Bernie Sypytkow.

Vikings

(Continued from page 1)

position on the 23-yd. line only to have a pass intercepted on the three. The Viking defense held on three running plays, forcing Charlevoix into punt position. But defensive back Jerry Lucksted charged through to block the punt, the ball bounced around inside the five and an alert Todd Dunkley scooped it up and raced into the endzone for the first TD of the night. He booted the extra point and with 4½ minutes left in the opening quarter, the Vikes were ahead, 7-0. "We practice that play a lot," Klinger said about the blocked punt, "and in this case it worked to perfection".

No other scoring took place the first half but Grayling's defense sparked again, this time with Charlevoix knocking on the door at the Grayling 1-yd. line. On first down, Charlevoix attempted a pitchout which was bobbled and Jerry Lucksted fell on the ball just before the half ended.

Despite the snow and rain, the Grayling High band, under the direction of Robert Harris, entertained at halftime. Performing with the band was Byron L. Autrey, a Professor of Trumpet at Michigan State University, who has played in 42 states around the country. The cheerleaders also put on a skit for the crowd during the halftime break.

Following an exchange of punts early in the 3rd quarter, lightning struck in the midst of the snowstorm, and it came in the form of a 65-yard scoring aerial from QB John Junttila to Billy

Lucksted. The TD pushed the Vikes out in front, 13-0, but a 2-point conversion attempt failed. The lead held up throughout the contest and while the Vikes were heading for a victory celebration, the Raiders headed for a long ride home.

The Vikes racked up 202 yards offensively, 100 yards on the ground and another 102 yards passing. Jerry Lucksted led the ground-gainers with 76 yards. QB John Junttila hit on two of 12 passes, including the TD bomb, both to tailback Billy Lucksted. Leading tacklers for Grayling were George Bindischatell, in on 18, Matt Mahaney, 12, Jerry Lucksted, 11 and Vern Westervelt, 8.

Klinger reported that injuries resulted in the team making certain adjustments but "the kids just went in there and did the job." Running and defensive back Rocky Tobin suffered pulled ligaments in his right knee and will likely be lost for the season.

Commenting on the St. Ignace contest Friday, Klinger had this to say: "We've got some momentum going now - we've lost our last two homecoming games, but we'll try to put it all together this week and make Grayling's Homecoming a big success."

In JV action, Charlevoix entertained Grayling Thursday night and beat the Vikes, 28-14. The JV squad travels to St. Ignace this Friday for an away contest against the Fighting Saints.

Theatre Season Opener

GHS Actors To Open Season With "Laugh Invasion"

A rib - tickling comedy is scheduled to open the Grayling 1979-80 Theatre Season at the Joseph Stripe Auditorium on October 26th, 27th and 28th — "The Mouse That Roared" a comicality that first became widely appreciated by Americans in a film version in 1959.

That film, of British origin, hit American screens with a tide of laughter, and it ran up all kinds of unusually long runs. Its first New York run was for six months in one theatre, and it was brought back again and again to other theatres and the score was almost the same in Los Angeles, Chicago and other cities.

The stage version to be seen here has been based by Christopher Sergel on the same novel by Leonard Wibberley as gave rise to the film — a story (which appeared first as a serial in the Saturday Evening Post) about the littlest country in the world, a tiny European principality called Grand Fenwick with a total area of fifteen square miles (or about five times the size of New York's Central Park), which has the effrontery to declare war on the United States.

The Prime Minister of the little pinpoint of a nation, to be played here by Rob Kesteloot (Count Mountjoy), has no delusions about winning this war. In fact, he plans to lose it and thus be in line for the kind of financial assistance that rich America customarily extends to its conquered enemies for reconstruction.

Unfortunately for this fine plan, the country's ruler, a beautiful young duchess, to be played by Alicia Taylor, (Gloriana), entrusts the leadership of her expeditionary army (full strength, 24 men), to an over-zealous young man who, in his thirst for glory, not only effects a landing in New York but by a strange fluke beats the United States so decisively that the big country has to sue the peanut little country for peace.

The story of this topsy-

turvy "war" and the accompanying romance of the lovely duchess who rules Grand Fenwick, are combined to make one of the most hilarious comedies of recent times — not only fun-filled, but also carrying a few provocative thoughts about international politics.

John Watkins (Tully Bascom) will have the leading role of the Fenwickian patriot who leads his country's army to undesired victory, Tony Thomson (Benter) will be seen as a Fenwickian Politician, Kevin Phillips (Prof. Kokintz) as a nuclear physicist who has invented the best, or is it the worst?, bomb ever, and Steve Kucharek (Gen. Snippet), a confused American general.

Others in the large cast will include John Gardiner as the President of the United States, Kevin Ferguson (Mr. Beston) as the Secretary of State, Lori Priestap (Miss Johnson) as his secretary, Sue Prause (Mrs. Bascom) as the hero's mother, Betty Thomson, Lisa Duncleley, and Colleen Witter as American tourists in Grand Fenwick and as ladies-in-waiting to the country's monarch.

WE PLOW THE FIELDS

This beautiful harvest hymn by the German poet, Matthias Claudius, is still sung today by millions:

"We plough the fields and scatter
The good seed on the land,
But it is fed and watered
By God's almighty hand."

How simply the words remind us of the partnership between man and God which sustains and enriches life on this earth. That partnership can extend to every need and challenge we face. In all things there are tasks we can fulfill by human effort, and undertakings which cannot succeed without the help of God.

This harvest season join the millions in churches across the land who will be thanking God for our part — and His — in all earthly achievement.

Card of Thanks

I would like to thank all the people involved in the surprise birthday party, in my honor, on October 6th. It sure was wonderful to know how many good friends you really have. I would like to give a special thanks to my wonderful wife Helen, my sons—Bill, Dave and Terry, Jean and Gene Potter, Betty LaChappelle, Maxine Jackson and Ginger Rice, for all of the fine work they put in to make it the huge success that it was. A big thanks to all who attended and built the money tree up, and brought dishes to pass. Believe me, it was a party I will always remember.

Thanks a million to you all!

Bruce Nielson
P.S. Also Ernie Balch for making sure I got there.

Guests of Mrs. Walter Truettner from Friday to Sunday, of the previous weekend, were longtime friends from Clare, Mr. and Mrs. John Tennant Garber and Mr. H. E. Hebel. Sister Mary Janice Belan, now of St. Lawrence Hospital, Lansing, was also a guest.

Bouquets to all the "Yes" voters in last week's election.

And a special bouquet to Bob Harris, the band director, who has spearheaded the children's efforts and redecorated the Middle School band room. Another bouquet to Paul Thomson for donating the carpeting.

November 26 and 27; December 17 and 18 (note change due to holiday).

You are invited to bring your child according to the last name schedule: A through F - 9:30 a.m.; G through L - 10:30 to 11:30 a.m.; M through R - 1:00 p.m.; S through Z - 2:00 to 3:00 p.m.; school students with incomplete immunizations 3:00 to 3:30 p.m. - must be accompanied by parent or legal guardian.

Mrs. Wagoner said, "be safe and ask yourself this question": Are your children fully vaccinated for Polio, Measles, and the other preventable diseases? Before you answer that, you'd better check your records. Too many parents who thought their children had all of the vaccinations were shocked when disease struck. And, too many who thought it was all right to post-pone vaccinations until their children were ready for school, have had to cope with a very sick two year old or three year old or four year old.

Make sure your children are fully protected. It's such an easy thing to do. And so important.

For further information, contact the Crawford County Health Department office at 517/348-4911.

Red Cross

(Continued from Page 1)

or more families, the national arm of American Red Cross will step in immediately to assist the local chapter with money, and if necessary, trained staff specialists to make sure all victims received American Red Cross Standard Immediate Disaster Assistance.

American Red Cross and only American Red Cross provides Immediate Disaster Assistance to victims in this manner, and Crawford County Chapter is proud they have been able to protect our Good Neighbors to full national Red Cross standards since the beginning of 1977.

There were three burnouts in the fiscal year ending June 30, 1978 and two in the fiscal year ending June 30, 1979. In all five cases Crawford County Chapter took care of the victims with almost \$3200 in relief - That averaged almost \$650 per family.

Doesn't that assurance of protection in case of disaster justify your financial support of American Red Cross?

Do we dare not contribute enough funds to make certain this Immediate Disaster Assistance will continue to protect all victims of natural disasters and fires in our community?

Contributions should be sent to Crawford County Chapter/American Red Cross, RR2, Box 2515, Grayling, MI 49738.

by Clara Sorenson

Somebody's typewriter acted up last week. Margaret Joseph is from the Class of 1915... not 1975. A letter from Agnes Walden Anderson, '22, informed us that her sister, Ida, from the same class, had passed away on May 27, 1979.

Our school colors fly so proudly in front of the Grayling Mercantile. A pat on the back to Bill Joseph, '37, one of our most ardent Alumni. Now, if we could get those beautiful colors back in our Band uniforms and Basketball uniforms we could say "Grayling Will Shine". Saturday night is ready and waiting for another gathering of G.H.S. Alumni at Auman's. Patty and Mike Pittman will furnish our music for dancing.

American Viewpoints

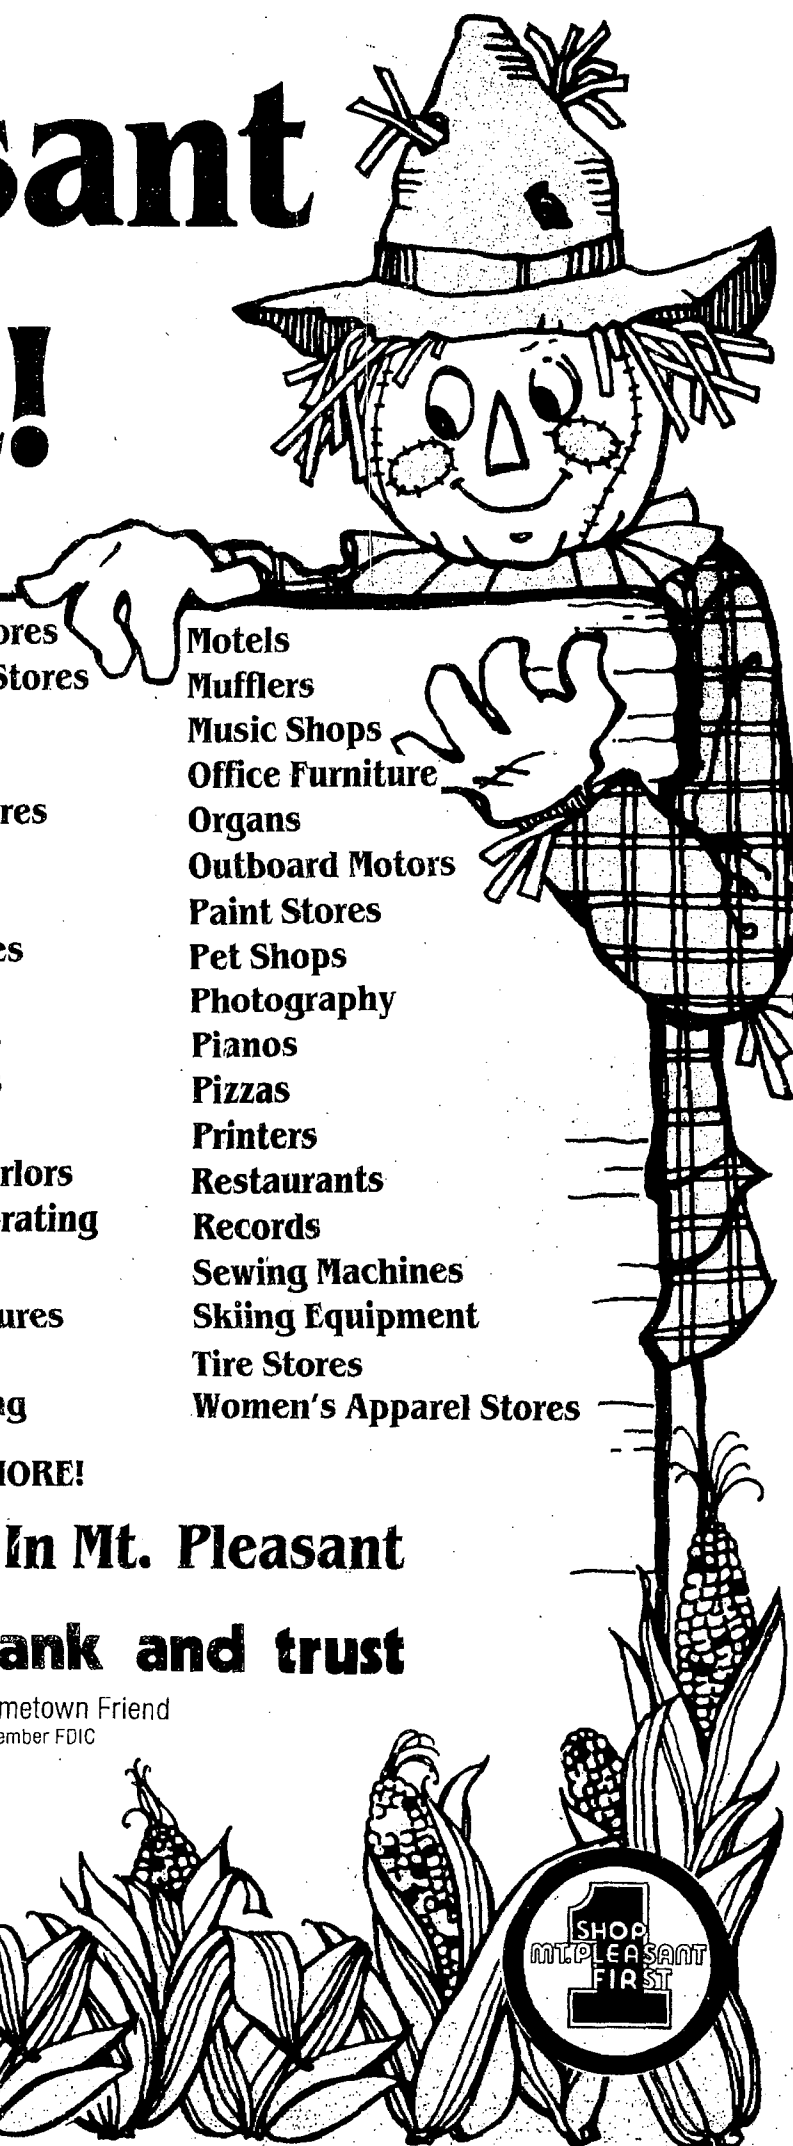

There is a point, of course, where a man must take the no later peak and break with all his associates for clear principle, but until that time comes he must work, if he would be of use, with men as they are.
Theodore Roosevelt
